INTRODUCTION

This report sets out the results of the Borough's housing monitoring survey for April 2007 to March 2008. The survey involved identifying and adding to the housing monitoring system planning permissions granted in the previous 12 months which affect the supply of housing. Each site was then visited to assess house building activity. This report monitors progress against the Milton Keynes and South Midlands Sub-Regional Strategy (MKSM SRS) Bedfordshire and Luton Policy 1 and Policy H1 of the approved East of England Plan, which are in turn reflected in Policies CP6 and CP16 of the Council's adopted Core Strategy and Rural Issues Plan.

MKSM SRS Policy 1 states:

Dwelling provision in the Bedford/Kempston/northern Marston Vale Growth Area will be as follows:

	<i>2001-2006</i>	<i>2006-2011</i>	<i>2011-2016</i>	<i>2016-2021</i>	<i>Total 2001-2021</i>
Total	3,750	5,250	5,250	5,250	19,500 *
Annual average rate	750	1,050	1,050	1,050	975

* Includes 3,230 in Mid Bedfordshire

The proportions of the Growth Area total to be provided within Bedford Borough and Mid Bedfordshire District should be determined through Local Development Documents (LDDs). Existing Local Plan allocations suggest that **Bedford will provide 16,270** and Mid Bedfordshire 3,230 of the 19,500 additional dwellings up to 2021.

Policy CP6 of the Core Strategy and Rural Issues Plan sets out how the 16,270 dwellings should be phased with 3,130 dwellings to be built between 2001 and 2006 and a further 4,380 dwellings in each 5 year period up to 2021.

The East of England Plan Policy H1 states that the minimum provision in the remainder of Bedford Borough outside the Growth Area (defined in the Council's Core Strategy and Rural Issues Plan as the Rural Policy Area) between 2001 and 2021 is 1,300 dwellings.

The housing requirements for the Growth Area and Rural Policy Area are discrete and will be monitored separately. Progress in meeting these targets can be measured on the basis of information on:

- Housing completions
- Outstanding planning permissions (supply)
- Housing allocations without planning permission.

Table 1A summarises this information and shows a surplus of provision against Policy 1 of MKSM SRS requirement. Table 1B also shows a surplus of provision against East of England Plan Policy H1.

Since the government's publication of *Planning Policy Guidance 3: Housing* in 2000 and the adoption of a 'plan, monitor and manage' approach, there has been a requirement for more detailed monitoring to more effectively influence policy making and review. The results of this additional monitoring information are included in the report.

DEFINITIONS

MKSM SRS Growth Area	The Milton Keynes and South Midlands Sub-Regional Strategy Growth Area: the area within the Urban Area Boundary and within the Settlement Policy Area Boundary of Shortstown (Bedford Borough Local Plan 2002) and the northern Marston Vale (the settlements of Wootton, Stewartby and land between the A421 and the proposed realignment of the A6).
Rural Policy Area	The remaining area of the Borough outside the Growth Area, covered by the East of England Plan.
Affordable Housing (A/H)	The number of dwellings classified as affordable within the application site. Where the affordable housing is provided in the context of Bedford Borough Local Plan Policies H30 (rural local needs housing) and H31, this is indicated in the table. From April 2008 these policies were replaced by Policies CP8 and CPI7 of the Core Strategy and Rural Issues Plan.
Complete	A dwelling is counted as complete when it has both windows and roof otherwise it is considered to be outstanding.
Gross	The gross number of dwellings to be built on the application site. In the case of outline applications the gross figure is estimated. The total number of dwellings to be constructed will be subject to detailed planning consent which will be determined having regard to the Borough's planning policies.
Annual Survey	The gross number of units surveyed as having been completed in the survey year.
Total	The gross total number of units completed on the site.
O/S	Outstanding Supply. The gross number of units yet to be completed on the site.
Losses	The number of dwelling losses expected on the site.
Net Supply	The number of units outstanding taking account of expected future losses.
Net Completions	The number of units completed taking account of the losses which have occurred during the survey period.
Small Site	Application with site area below 0.4 hectare.
Medium Site	Application with site area between 0.4 - 1.0 hectare.
Large Site	Application with site area 1.0 hectare or more.
Tables 3A, 3B and 3C	These tables summarise the net housing completions and outstanding supply of planning permissions in the years 2001 - 2008 for the Growth Area, the Rural Policy Area and the Borough as a whole.
Table 4	Table 4 summarises the 2007/8 survey, breaking down the total net completions into the Bedford and Kempston urban wards and the rural parishes.
Table 5	Table 5 is a schedule of all the applications surveyed in the current monitoring year that are in the Growth Area, demonstrating the progress in meeting the development targets of the MKSM SRS Policy 1. The applications are listed with the small sites first, followed by the medium and large sites.
Table 6	Table 6 is a schedule of all the applications surveyed in the current monitoring year that are in the Rural Policy Area of the Borough, demonstrating the progress in meeting the development requirement of the East of England Plan Policy H1. It is ordered in the same way as Table 5. The applications are listed with the small sites first, followed by the medium and large sites.
