STATEMENT OF REASONS

Bedford Borough Council is looking to improve the safety of pedestrians and cyclists entering and leaving Bedford Academy. The area around the vehicular access to Bedford Academy, which is also a junction from Mile Road service road onto Mile Road, experiences significant intersecting traffic flows of cars, pedestrians, and cyclists, during peak hours. The junction also sees many instances of inconsiderate and dangerous parking and vehicular manoeuvres which pose a hazard to all users of the area.

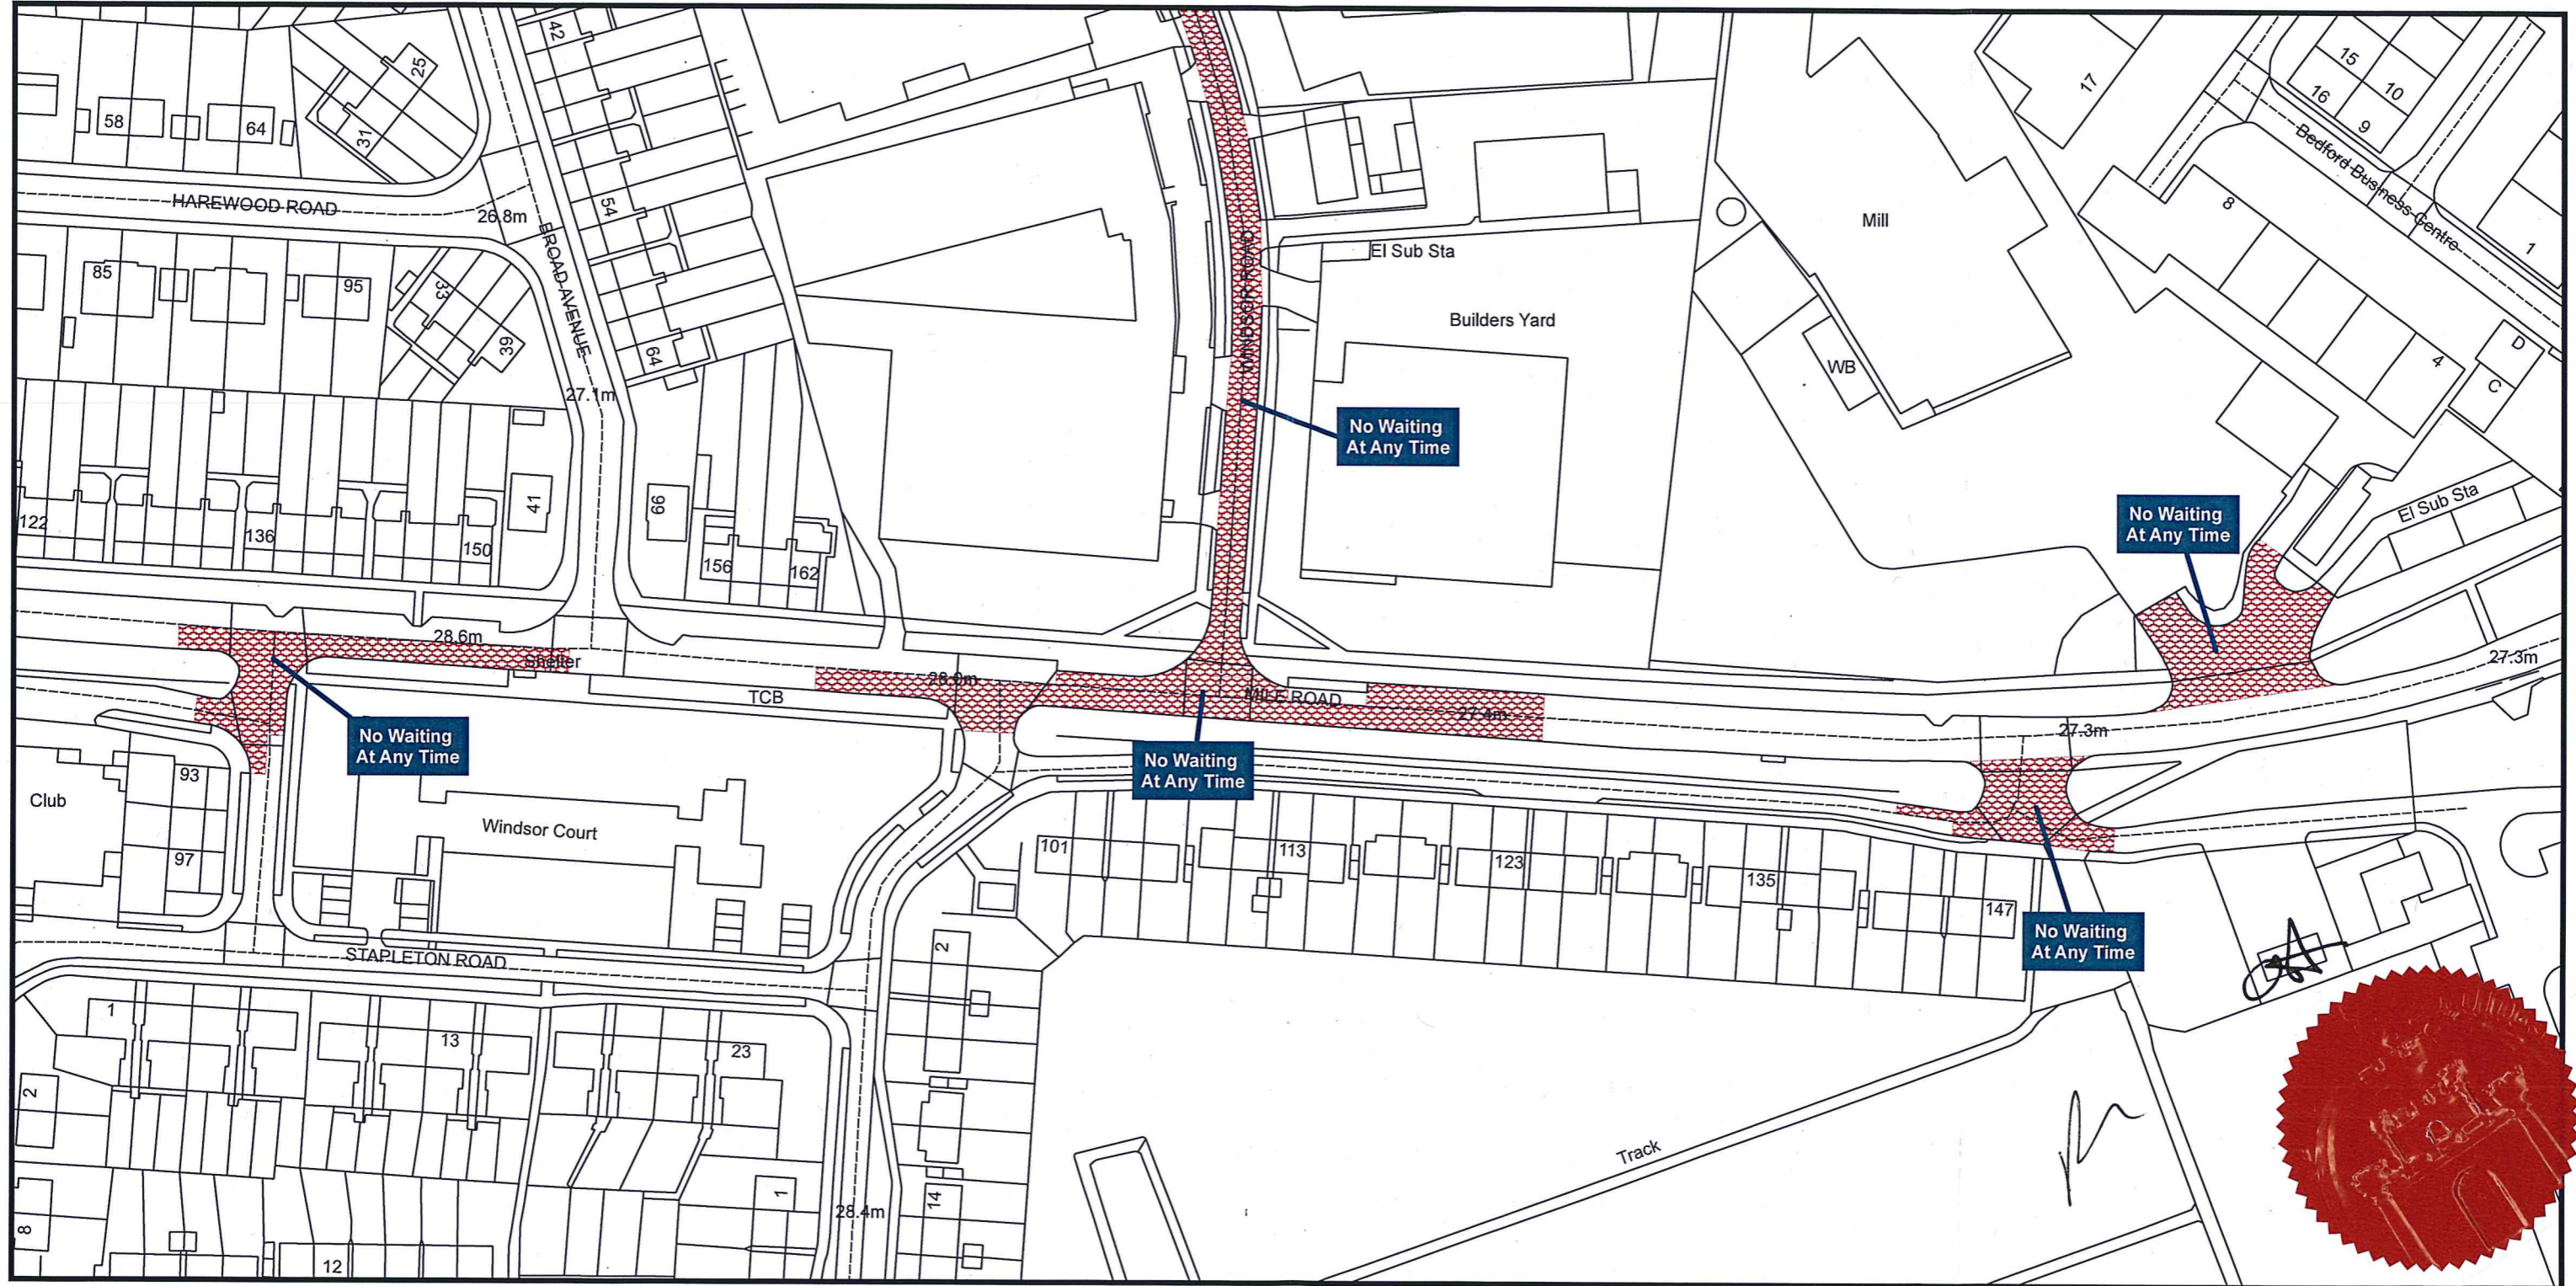

In order to improve safety at the junction a new layout is proposed which has a reduced junction width from Mile Road service road onto Mile Road. A raised table crossing will be installed across the access to Bedford Academy for shared pedestrian and cyclist use.

The proposal also includes installing double yellow lines around the mouth of both the Mile Road Service Road junction and the Bedford Academy junction. This is intended to improve traffic flow in to and out of the junction and also reduce instances of dangerous parking. It is anticipated that the installation of double yellow lines on Mile Road service road will displace some parking onto the access to Richardson Millers therefore, to ensure traffic flows into and out of the industrial area are maintained, double yellow line restrictions are also proposed in this area.
