Quicker boarding with the Stagecoach Bus App

We've introduced **QR code** technology on our buses, meaning boarding the bus with the **Stagecoach Bus App** is even quicker!

This will change how you present your Stagecoach App ticket when you board the bus. Instead of showing the driver, simply scan the QR code on the reader.

When you present the QR code, the reader will automatically check your ticket is valid.

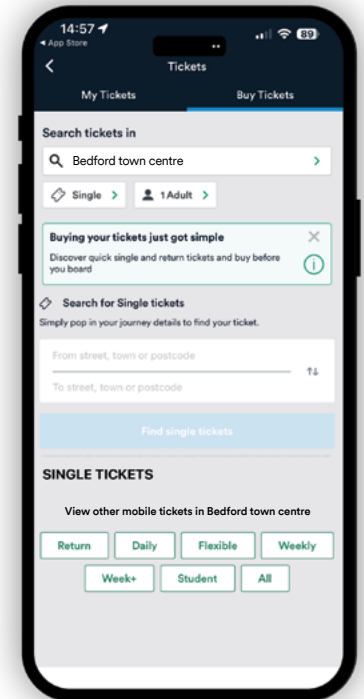

How do I scan my Stagecoach Bus App ticket?

Once you've activated your Stagecoach App ticket, it will show a **QR code** above the ticket name.

Look out for the QR code reader next to the driver, it has a blue line around the reader.

Hold your phone steady in front of the reader. The machine will light up green and beep to show your ticket has been accepted.

There's no need to show your ticket to the driver so head on board.
