

# Supporting Families Outcome Plan

## Headline Issue: Getting a Good Education

	Indicator (Criteria)	Focused Outcome 1	Focused Outcome 2	Focused Outcome 3	Focused Outcome 4	Focused Outcome 5	Focused Outcome 6	Data Source
1.1	Average of less than 90% attendance (inclusion of authorised absence is optional) for 2 consecutive terms	Average attendance 90% or above for every child in the family over 2 consecutive terms						Census data; Live education data
1.2	Average of less than 50% attendance unauthorised and authorised for 2 consecutive terms	At least a 30% improvement in attendance, with a minimum of 50% average attendance, over 2 consecutive terms						Census data; Live education data
1.3	Not able to participate and engage with education – motivation, emotional regulation and behaviour difficulties, risk of, or subject to, exclusions, concerns around suitability of Elective Home Education, child is off-roll and not receiving an education otherwise, risk of NEET	Fewer days lost to suspension and exclusion over 2 consecutive terms (immediately preceding the claim), reduction threshold can be locally defined.	Professional judgement - No further concerns about suitability of Elective Home Education	Practitioner assessed outcomes	Child who was off roll receiving a suitable education	Validated outcome measure: Improved SDQ scores	Outcome Stars	Information from practitioner assessments, contacts and referrals; Census data; Live education data; Strengths and Difficulties Questionnaire (SDQ scores)
1.4	Child's special educational needs not being met	Child's needs have been appropriately assessed and suitable package of support is in place as per the SEND Code of Practice.						SEND data; Information from practitioner assessments, contacts and referrals, including self-referral; EHCP

## Headline Issue: Good Early Years Development

	Indicator (Criteria)	Focused Outcome 1	Focused Outcome 2	Outcome 3 (Outcome Star)	Data Source
<b>2.1</b>	Expectant or new parent/carers who require additional or specialist support (e.g., young parents, parents who have been in care, parents with learning needs)	Completed evidence-based parenting course with evidence of parents/carers implementing those strategies and improved outcome	Practitioner and/or self-assessment – improved outcomes	Outcome Stars	GP, Dentist, Health Visitor, Midwife, Family Nurse Partnership, Health records; Information from practitioner assessments, contacts and referrals, including self-referral.
<b>2.2</b>	Child's (0-5 yrs) physical health needs not met (e.g., immunisations not up to date, concerning accidental injuries, dental hygiene)	A&E records, GP, Dental, Midwife, Family Nurse Partnership, Health Visitor	Practitioner and/or self-assessment – improved outcomes	Team Around Family Notes	A&E records, GP, Dental, Midwife, Family Nurse Partnership, Health Visitor; Early Help Assessment
<b>2.3</b>	Child's (0-5 yrs) developmental needs not being met (e.g., communication skills/speech and language, problem-solving, school readiness, personal, social and emotional development)	Take up of two-year old or 3-4 year old entitlement, attending development check	Practitioner and/or self-assessment – improved outcomes	SDQ scores (for 3+)	Information from practitioner assessments, contacts and referrals, including self-referral; Not taking up two-year old entitlement or 3-4 year old universal early years entitlement

## Headline Issue: Improved Mental & Physical Health

	Indicator (Criteria)	Focused Outcome 1	Focused Outcome 2	Focused Outcome 3	Focused Outcome 4	Focused Outcome 5	Data Source
<b>3.1</b>	Baby/child needs support with their mental health	Professional assessment or self-assessment - improved outcomes	Child (and/or parent/carer) is engaging with, and benefitting from, appropriate support (e.g., from mental health teams) (Supplementary)	Diagnosis received, if relevant, and appropriate support in place	Outcome Stars		Mental health service provider records; GP/health visitor/other health data source; Information from practitioner assessments, contacts and referrals, including self-referral
<b>3.2</b>	Adult needs support with their mental health	Diagnosis received, if relevant, and appropriate support in place	Professional assessment or self-assessment - improved outcomes	Adult is engaging with, and benefitting from, appropriate support (e.g., from mental health teams) and adhering to medication regime (if relevant) (supplementary)	Validated outcome measure e.g., Improvement on Warwick – Edinburgh scale	Outcome Stars	Mental health service provider records; GP/health visitor/other health data source; Information from practitioner assessments, contacts and referrals, including self-referral
<b>3.3</b>	Child and/or parent/carer require support with learning disabilities, neurodiverse conditions and/or physical health needs that affect the family (e.g., long-standing health conditions requiring management, physical disabilities requiring adaptations)	Necessary adaptations have been made/in place e.g. via home assessment	Professional assessment or self-assessment - improved outcomes	Family are engaging with, and benefitting from, appropriate support, plan in place to manage on-going health needs (Supplementary)	Outcome Stars		Health vulnerabilities data; GP/ other health data source e.g. Annual Health Checks for people aged 14+ who have Learning Disabilities, the Health and Care for people with LD dataset; Information from practitioner assessments, contacts and referrals, including self-referral

## Headline Issue: Reduce Harm & Substance Misuse

	Indicator (Criteria)	Focused Outcome 1	Focused Outcome 2	Focused Outcome 3	Focused Outcome 4	Focused Outcome 5	Focused Outcome 6	Focused Outcome 7	Data Source
<b>4.1</b>	An adult has a drug and/or alcohol problem	Treatment Outcomes Profile (TOP)	Improved scores on AUDIT, AUDIT-C, SADQ, ASSIST-LITE	Practitioner or self-assessed improved outcomes	Adult engaged in evidence-based whole-family interventions with evidence of adult implementing those strategies and improved outcomes for children and the family	Improved score on child's Strengths and Difficulties Questionnaire, if in receipt of specialist 'affected-by' support	Adult engaging with appropriate level of support and completing specialist treatment	Outcome Star	Alcohol risk screening tools (AUDIT, AUDIT-C or ASSIST-Lite); Clinical diagnostic tool: SADQ; Mental Health Data Set / Health provider records; Information from practitioner assessments, contacts and referrals, including self-referral; Police report
<b>4.2</b>	A child or young person has a drug and/or alcohol problem	Practitioner or self-assessed improved outcomes	Validated outcome measure e.g., SDQ scores	Child engaging with appropriate level of support and completing specialist treatment, if necessary	CRAFFT, ASSIST-Lite, AUDIT and DAST-A	Outcome Star			ASSIST-lite (18+), AUDIT and DAST-A (Drug Abuse Screening Test for Adolescents); Information from practitioner assessments, contacts and referrals, including self-referral; CRAFFT, Mental Health Data Set/Health provider records

## Headline Issue: Improved family relationships

	<b>Indicator (Criteria)</b>	<b>Focused Outcome 1</b>	<b>Focused Outcome 2</b>	<b>Focused Outcome 3</b>	<b>Focused Outcome 4</b>	<b>Focused Outcome 5</b>	<b>Data Source</b>
<b>5.1</b>	Parent / carers require parenting support	Completed evidence-based parenting course with evidence of parents implementing those strategies and improved outcomes	Practitioner / self - assessed improved outcomes	Outcome star			Information from practitioner assessments, contacts and referrals, including self-referrals.
<b>5.2</b>	Harmful levels of parental conflict i.e., when it is frequent, intense or poorly resolved	Parents/carers accessing and benefiting from relationship support	Validated outcome measure e.g., Family relationship quality too	Practitioner / self-assessed improved outcomes	Outcome star		Information from practitioner assessments, contacts and referrals, including self-referrals; Police report
<b>5.3</b>	Child / young person violent or abusive in the home (to parents/carers or siblings)	Child has received appropriate therapeutic support	Family successfully complete specialist child to parent abuse parenting course (or specialist course for children with SEND), and / or received therapeutic support	Practitioner / self-assessed improved outcomes, Improved self-assessment.	Outcome star		Information from practitioner assessments, contacts and referrals, including self-referrals; Police report; Contact received from YOS or Adolescent Response Team
<b>5.4</b>	Unsupported young carer or caring circumstances changed requiring additional support	Young Carers Assessment and relevant support in place	Accessing targeted young carers support	Regular respite support provided	Practitioner / self-assessed improved outcomes.	Outcome star	Information from practitioner assessments, contacts and referrals, including self-referrals

## Headline Issue: Children Safe from Abuse & Exploitation

	<b>Indicator (Criteria)</b>	<b>Focused Outcome 1</b>	<b>Focused Outcome 2</b>	<b>Focused Outcome 3</b>	<b>Focused Outcome 4</b>	<b>Data Source</b>
<b>6.1</b>	Emotional, physical, sexual abuse or neglect, historic or current, within the household	Early help, CIN or CP plan closed and/or stepped down	Practitioner and self-assessed – improved outcomes	Outcome Star		Information from practitioner assessments, contacts and referrals; Open Early Help, CIN or CP plan
<b>6.2</b>	Child going missing from home	No missing reports in month prior to closure and no re-referral into services 6 months following closure	No re-referral into services 6 months following closure	Practitioner assessed - improved outcomes		Police report; Information from practitioner assessments, contacts and referrals, including self-referral
<b>6.3</b>	Child identified as at risk of, or experiencing, sexual exploitation	Practitioner and self-assessed – improved outcomes	No more police reports			Police report; Information from practitioner assessments, contacts and referrals, including self-referral
<b>6.4</b>	Child identified as at risk of, or experiencing, criminal, or pre-criminal, exploitation (e.g., county lines)	Practitioner and self-assessed – improved outcomes	No more police reports	Exploitation tool questionnaire RAG rated		Police report; Information from practitioner assessments, contacts and referrals, including self-referral
<b>6.5</b>	Child experiencing harm outside of the family (e.g., peer to peer abuse, bullying, online harassment, sexual harassment/offences)	Practitioner and self-assessed – improved outcomes	Closure of plan	No police or school reports		Police report; School report; Information from practitioner assessments, contacts and referrals, including self-referral.
<b>6.6</b>	Child identified as at risk of, or being affected by radicalisation	Practitioner and self-assessed – improved outcomes				Information from practitioner assessments, contacts and referrals

## Headline Issue: Preventing & Tackling Crime

	Indicator (Criteria)	Focused Outcome 1	Focused Outcome 2	Focused Outcome 3	Data Source
<b>7.1</b>	Adult (18+) involved in crime and/or ASB (at least one offence/arrest/named as a suspect/ASB incident) in the last 12 months	Where number of incidents* is 7 or fewer, the person must not have any offences, arrests, named suspect reports, ASB for 6 months.	Where number of incidents* is 8 or more, the person must demonstrate a reduction in the number of incidents (offences, arrests, named suspect reports, ASB) of at least 50% which is sustained for a period of at least 6 months.		Police report, Probation data, multi-agency safeguarding panels; Information from practitioner assessments, contacts and referrals, including self-referral
<b>7.2</b>	Young person (u18) at risk of crime – including gangs, serious violence and weapons carrying, or involved in harmful risk-taking behaviour	Young person must not have any offences, arrests, named suspect reports, ASB for 6 months	Accessing and engaging with relevant and appropriate services (e.g., VRUs, CAMHS, Education, AP, youth offending services) regularly and maintains positive behaviour		Multi-agency safeguarding panels, Asset Plus, Police data; Self report delinquency scale; Information from practitioner assessments, contacts and referrals, including self-referral
<b>7.3</b>	Young person (u18) involved in crime and/or ASB (at least one offence/arrest/named as a suspect/ASB incident) in the last 12 months	Where number of incidents* is 4 or fewer, the young person must not have any offences, arrests, named suspect reports, ASB for 6 months	Where number of incidents* is 5 or more, the young person must demonstrate a reduction in the number of incidents (offences, arrests, named suspect reports, ASB) of at least 50% which is sustained for a period of at least 6 months	Accessing and engaging with relevant / appropriate services (e.g., VRUs, CAMHS, education, AP, probation, youth offending services) until problems have resolved/ solutions /progressed	Multi-agency safeguarding panels, Asset Plus, Police data, Probation data; Information from practitioner assessments, contacts and referrals, including self-referral

## Headline Issue: Safe from Domestic Abuse

	Indicator (Criteria)	Focused Outcome 1	Focused Outcome 2	Focused Outcome 3	Focused Outcome 4	Focused Outcome 5	Data Source
<b>8.1</b>	Family affected by domestic abuse or inter-personal violence and abuse - historic, recent, current or at risk (victim)	No incidents of domestic abuse in the month prior to closure, and no referral into services for 6 months following closure	No referral into services for at least 6 months following closure	Practitioner or self-assessment (e.g., DASH / reduction in risk tool)	Victim engaged with local multi-agency partnership arrangements	Outcome star	Police data; Notification via Operation Encompass (for affected children); Information from practitioner assessments, contacts and referrals, including self-referral
<b>8.2</b>	Adult in the family is a perpetrator of domestic abuse	No incidents of domestic abuse in the month prior to closure, and no referral into services for 6 months following closure	No referral into services for at least 6 months following closure	Practitioner or self-assessment (e.g., DASH / reduction in risk tool)	Where available, perpetrator engaged with specialist programmes	Perpetrator engaged with local multi-agency partnership arrangements.	Police data; Notification via Operation Encompass (for affected children); Information from practitioner assessments, contacts and referrals, including self-referral
<b>8.3</b>	Child currently or historically affected by domestic abuse	No incidents of domestic abuse in the month prior to closure, and no referral into services for 6 months following closure	No referral into services for at least 6 months following closure	Practitioner or self-assessment (e.g., DASH / reduction in risk tool)	Child engaged with specialist/therapeutic support	Outcome star	Police data; Notification via Operation Encompass (for affected children); Information from practitioner assessments, contacts and referrals, including self-referral

## Headline Issue: Secure Housing

	<b>Indicator (Criteria)</b>	<b>Focused Outcome 1</b>	<b>Focused Outcome 2</b>	<b>Focused Outcome 3</b>	<b>Focused Outcome 4</b>	<b>Data Source</b>
<b>9.1</b>	Families who are in local authority temporary accommodation and are at risk of losing this	Confirmation from Homelessness Services of the outcomes.	Tenancy agreement for long term suitable temporary accommodation or settled accommodation	Practitioner assessment - improved outcomes	Outcome star	Homelessness data; Information from practitioner assessments, contacts and referrals, including self-referral
<b>9.2</b>	Families not in suitable, sustainable housing and/or threatened with eviction /at risk of homelessness	Confirmation from Homelessness Services that no homelessness duty is owed; or from landlord (PRS/RP/LA) that notice withdrawn.	Evidence of suitable alternative accommodation sourced: confirmation from Landlord (PRS/RP/LA)	Practitioner assessment - improved outcomes		Homelessness data; Information from practitioner assessments, contacts and referrals, including self-referral
<b>9.3</b>	Young people aged 16/17 at risk of, or who have been, excluded from the family home	Practitioner assessment - improved outcomes	Outcome star			Homelessness data; Identified via the CS front door e.g., MASH or Early Help; Information from practitioner assessments, contacts and referrals, including self-referral

## Headline Issue: Financial Stability

	Indicator (Criteria)	Focused Outcome 1	Focused Outcome 2	Focused Outcome 3	Focused Outcome 4	Data Source
<b>10.1</b>	Adult in the family is workless	Universal Credit or legacy benefit data, ADMS	Practitioner or self-assessed – adult has gained employment / made progress to work measured by Employment Advisor or keyworker (including use of DWP milestone plan)			Universal Credit or legacy benefit, ADMS; Information from practitioner assessments, contacts and referrals, including self-referral
<b>10.2</b>	Family require support with their finances and/or have unmanageable debt (e.g. rent arrears)	Debt repayment plan in place	Reduction in debt	Practitioner or self-assessment - improved outcome	Outcome star	Housing benefit, registered social landlord data; Crisis payments, benefit caps; Information from practitioner assessments, contacts and referrals, including self-referral
<b>10.3</b>	Young person is NEET	Census / NEET data, CCIS statutory dataset	Secure progression pathway in place	Practitioner or self-assessment – confirms young person is in education, employment or training	Outcome star	NEET data, CCIS statutory dataset; Information from practitioner assessments, contacts and referrals, including self-referral
