Home in the Community Grants

How a Home in the Community Grant can help

Home in the Community Grants do not have to be paid back. A grant should not be seen as a means of upgrading your current home furnishings or to replace items/appliances subject to wear and tear; they are intended to help people establish themselves in the community. Grants can help to provide household items that are essential for basic living or health and safety for people experiencing genuine need. We may not be able to give you everything you have asked for as there is a limited amount available to help everyone that applies.

Please note that any items awarded will be by means of a voucher, and may be used or recycled. You may be referred to other agencies to request assistance. Any items awarded will be appropriate for your individual/family's circumstances.

You can ask for help with:

- Beds & bedding.
- Washers, cookers and fridges.
- Essential furniture (e.g. table & chairs).
- Basic floor coverings (not fitted carpets).
- Portable heating appliances.
- Health and safety items for a dependent child (e.g. fireguard, stair safety gates etc.).
- Emergency house repairs that will if not repaired present an immediate threat to health and safety or security (available for owner occupiers only).
- Any other item or service at the Council's sole discretion essential to assist a family experiencing exceptional pressure establish or maintain a home in the community and which is not an excepted item.

What can Home in the Community Grants NOT help with?

We cannot help with...

- a need which occurs outside the United Kingdom;
- or an educational or training need including clothing and tools;
- or distinctive school uniform or sports clothes for use at school or equipment to be used at school;
- or travelling expenses to or from school;
- or school meals taken during school holidays by children who are entitled to free school meals;
- or expenses in connection with court (legal proceedings) such as legal fees, court fees, fines, costs, damages, subsistence or travelling expenses;

- or removal or storage charges if you are being rehoused following a compulsory purchase order, a redevelopment or closing order, a compulsory exchange of tenancies, or under homelessness legislation
- or domestic assistance and respite care;
- or a medical, surgical, optical, aural or dental item or service (note that needs under all of these headings can be provided free of charge by the National Health Service, if you are getting Income Support, income-based Jobseeker's Allowance, Employment and Support Allowance (income-related), or Pension Credit);
- or work related expenses;
- or investments;
- or costs of purchasing, renting or installing a telephone, broadband connection, cable television or satellite television and any associated charges;
- or any expense which any public body has a statutory duty to meet;
- or housing costs or arrears of rent other than minor repairs and improvements to the applicant's own property essential for health, safety or security;
- or taxes or other statutory payments;
- or debts or insolvency costs;
- or home decoration;
- or TV licence;
- or care provision;
- or holidays;
- or garaging, parking, purchase, and running costs of any motor vehicle except where the payment is being considered for emergency travel expenses;
- or where the customer has sufficient income, savings or access to a reasonable source of credit;
- or any purpose for which a Home in the Community Grant was previously given to the same family within in the last two years.

We can help residents where:

- There is an immediate and serious risk to the health and safety of the applicant, their partner or a dependent child (including a foster child); and
- The risk arises as the result of a crisis, emergency or disaster.

What if I don't provide all the information you need?

- We cannot process your application if it not completed in full. It is important that you give us as much information as possible about your circumstances. We may need to write or telephone you to ask additional information.
- Applicants must be able to demonstrate that they have no recourse to savings, reasonable forms of credit, or financial help from family and/or friends.

FAQ's

- **How often can I apply for a grant?** Home in the Community Grants – only one award can be considered in any rolling 12 month period. However, if you have made an application whilst residing in temporary accommodation, we may consider an additional application if you then move into permanent accommodation within 12 months, for items not previously awarded.
- **How do we decide whether you can have a grant?** The decision maker will look at all the information on your application before we decide whether we can give you a grant. There is only a limited amount available to award so we will not be able to help everybody who asks.
- **What if I don't receive an award?** If we cannot help you with a grant, we will write to tell you.
- **What if I don't agree with the decision?** There is no right of appeal, however you can ask for a review of a decision by a Council Officer other than the assessor who made the decision within two working days for Crisis Grants and twenty working days for Home in the Community Grants.
- **Will I get cash?** No. You may be signposted to service provides or be advised how you will receive goods/services. Special conditions may apply.

- Grants will not be awarded in circumstances where provision is made elsewhere through public funds, including other funding available from the Council.
- Grants will not be awarded to reimburse costs on items already purchased
- Having difficulty completing the form? You are strongly advised to get help from your social worker if you have one or a housing support worker, Bedford Citizens' Advice Bureau or other local voluntary organisation.

This form should be filled in by the person who is making the application. Their details must go in **Part 1** and they must sign the **Declaration** at **Part 16**.
