EXECUTIVE SUMMARY

This report sets out the results of the Borough's housing monitoring survey for April 2015 to March 2016. The survey involved identifying and adding to the housing monitoring system planning permissions granted in the previous 12 months which affect the supply of housing. Each site was then visited or checked against other information sources (e.g. Council Tax records) to assess house building activity and a summary of the results is outlined below. Housing numbers in this report are viewed against an objective assessment of need¹ completed by the Council as evidence for the new Local Plan which will cover the period 2012-2035. This objective assessment of need does not represent an adopted housing target, which will be part of the new Local Plan once adopted.

COMPLETIONS

New Dwellings:

Newly built dwellings	883
Dwellings achieved through conversion of existing residential properties	8
Dwellings completed through the change of use of other types of buildings	115
Total dwelling completions (gross)	1006
Losses through demolition, conversion or change of use	42
Total dwelling completions (net)	964

Type and Mix: Number and as a % of gross completions (CP7)

Size:	1 bedroom dwellings	121	12.0%
	2 bedroom dwellings	256	25.5%
	3 bedroom dwellings	373	37.1%
	4 and 4+ bedroom dwellings	255	25.3%
	No room data	1	0.1%
Type:	Flats	218	21.6%
	Single storey dwellings	23	2.3%
	2 storey dwellings	577	57.4%
	2+ storey dwellings	167	16.6%
	No storey data	21	2.1%

Affordable Housing: Number and as a % of gross completions	178	17.7%
Affordable dwellings gained through conformity with planning policy	135	13.4%

Previously Developed Land: Number and as a % of gross completions	396	39.4%
--	-----	-------

Mobility Standard Housing: Number and as a % of gross completions	66	6.6%
--	----	------

SUPPLY

Outstanding supply of planning permissions:	8574
--	-------------

Adopted Housing Allocations:

with consent subject to S106 obligations	722
without planning permission	1384
additional capacity estimate	71

Other sites

with consent subject to S106 obligations	186
--	-----

Affordable Housing:

Number of dwellings permitted in 2015/16 on sites subject to policy CP8	1009
-of which, number and % are affordable	224 22.0%

POLICY BACKGROUND

The Council has been working on the preparation of a new Local Plan. An Issues and Options consultation took place in January and February of 2014 which started to scope the scale of housing and economic growth which will be needed over the next 20 years. A further consultation took place between 19 October and 14 December 2015.

National guidance now requires Councils to determine the number of dwellings required in their area through an objective assessment of the Council's housing needs (OAN). This provides an updated assessment for the period 2012-2032 (the period originally covered by the emerging Local Plan) and is the basis on which the Council's five year supply is assessed. In summary the report establishes that the OAN for the Borough over the 20 year period between 2012 and 2032 is 17,672 which equates to 884 dwellings per annum. The document *Bedford Strategic Housing Market Assessment*, which contains the objective assessment of need can be found on our website at http://www.bedford.gov.uk/environment_and_planning/planning_town_and_country/planning_policy_its_purpose/local_plan_2035/closed_consultations.aspx

The Council has now extended the period the new Local Plan will cover to 2035. This is so that the Council can assess whether a new settlement should be included in the plan to help meet the need in the borough. The evidence base, including the objectively assessed need will be updated in due course to reflect this new period. Figures in this report use the OAN for the period 2012-32 as the latest figure available.

The Core Strategy and Rural Issues Plan (2008) strategy has worked well with significant development capacity currently available in the Bedford Growth Area. Until such time as the strategy is changed through the local plan process the focus for the delivery of new development will continue to be the Growth Area with development in the Rural Policy Area of a scale to support the need of local communities. The current strategy will continue to carry significant weight in the determination of planning applications to ensure that housing and other development is directed to sustainable locations in accordance with the NPPF.

DEFINITIONS

Affordable Housing	The number of dwellings classified as affordable within the application site.
Complete	A dwelling is counted as complete when it is ready for occupation, otherwise it is considered to be outstanding.
Gross Site Capacity	The number of new dwellings to be built on the application site. In the case of outline applications and CPNJ/O applications the gross figure may be an estimate. The total number of dwellings to be constructed will be subject to detailed planning consent which will be determined having regard to the Borough's planning policies.
Annual Comps (Completions)	The number of new dwellings completed on the application site in the monitoring year.
Total Comps	The overall number of new dwellings completed on the application site to date.
Number O/S (Outstanding)	The gross number of units yet to be completed on the site (Gross – Total).
Losses	The number of existing dwellings on the application site that will be demolished as a result of the development. Losses are accounted for in the year that the first completions on a site take place
Net Supply	The number of units outstanding taking account of losses.
Net Completions	The number of dwellings completed taking account of the losses which have occurred during the survey period.
Small Site	Application with site area below 0.4 hectare.
Medium Site	Application with site area between 0.4 - 1.0 hectare.
Large Site	Application with site area 1.0 hectare or more.
Table 1	This table demonstrates how the total capacity of dwellings in the borough (total completions and total supply) compares with the objective assessment of need.
Table 2	A list of housing allocations adopted in our Local Plan 2002, Town Centre Area Action Plan 2008 and Allocations and Designations Local Plan 2013 that do not have full planning permission at the time of publication.
Table 3	This table summarises the net housing completions and outstanding supply of planning permissions in the years 2012 to date for the Borough as a whole.
Table 4	Table 4 summarises the current survey, breaking down the total net completions into the Bedford and Kempston urban wards and the rural parishes.
Table 5	Table 5 is a schedule of all the applications surveyed in the current monitoring year, demonstrating the progress in meeting the development targets of the development plan. The applications are listed with the small sites first, followed by the medium and large sites.
Table 6	Table 6 is a schedule of applications which have been granted consent subject to a Section 106 agreement to date.

TABLE 1
Progress towards meeting objectively assessed need

Net dwellings completions 01 April 2012 to 31 March 2016 (see Table 3)	3443
Outstanding supply of planning permission at 31 March 2016 (see Table 3)	8574
Housing allocations subject to S106 Obligations (see Table 2 & Table 6)	722
Other sites subject to S106 obligations (net) (see Table 6)	186
Housing allocations without planning permission (see Table 2)	1384
Additional capacity estimate (see Table 2)	71
Total capacity	14,380
Objective assessment of need 2012-2032	17,672
Progress towards meeting objectively assessed need	-3292

TABLE 2
Adopted housing allocations without planning permission at 31 March 2016

LP/LDF Policy	Site	Adopted Local Plan/LDF capacity	Subject to S106 Obligation	Additional capacity estimate

TABLE 6

Schedule of applications with resolution to grant subject to section 106 obligations at 31 March 2016

Policy Area	LP/LDF Policy	Site	Net Capacity estimate
	H11	Wootton, South of Fields Road	600
	AD8	Bedford, Hazelwood Foods, Dallas Road	122
		Great Barford, Land at and including 59-61 Roxton Road	81
		Oakley, 24 Lovell Road	15
		Wyboston, land at Wyboston Lakes	90
Total			908

Indicator H1: % of affordable houses secured on sites of 15 or more dwellings

Local Target: On sites of 15 units or over and in villages having a population of less than 3,000 on sites of 3 dwellings or more the council will expect the provision of 30% affordable housing (CP8 Core Strategy and Rural Issues Plan)

Progress:

In the monitoring period, 1009 new dwellings were permitted on sites subject to the Core Strategy and Rural Issues Plan policy CP8, requiring 30% affordable housing on sites that met a certain threshold. Of these, 224 dwellings were affordable, equating to 22%.

178 affordable homes have been delivered through the planning process in the monitoring period, with 43 being the result of applications for 100% affordable housing and 135 completed through policy CP8 of the Core Strategy and Rural Issues Plan.

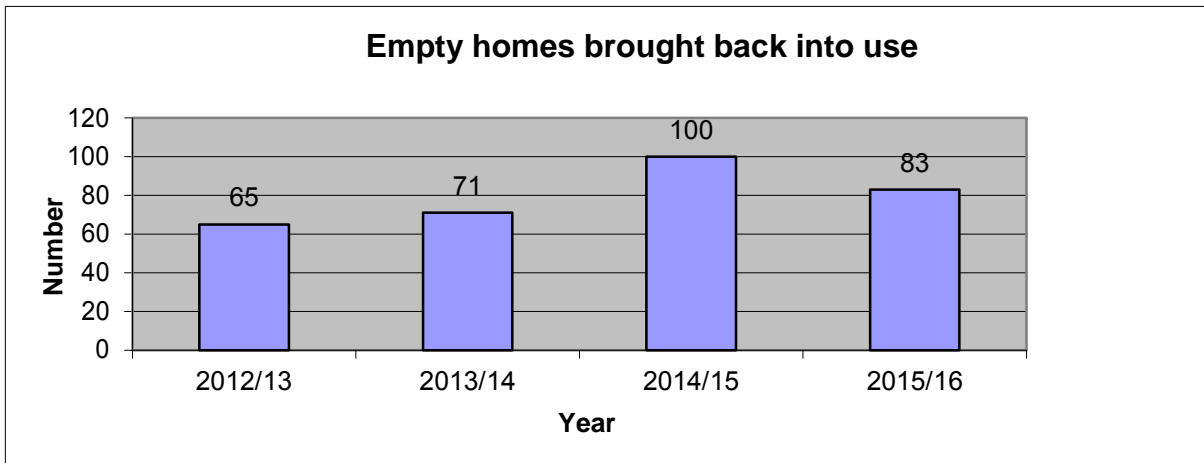

(Source: Bedford Borough Council)

Indicator H2: Number of empty homes brought back into use

Local Target: N/A

Progress:

In the monitoring period, 83 empty homes were brought back into use.

(Source: Bedford Borough Council)

A separate target is no longer provided for this indicator as it now forms part of the New Homes Bonus calculations.

Indicator H3: Amount of mobility housing completed each year

Target: 10% of new housing should be mobility housing

Progress:

66 mobility units were completed on 7 sites in the monitoring period. This equates to 6.6% of the total gross completions. All units were completed through S106 agreements.

3 new planning permissions including a mobility housing requirement were granted in the monitoring period, for a total of 243 dwellings, 37 of which will be mobility housing, secured through a condition, equating to 15.2% of the developments.

(Source: Bedford Borough Council)

Indicator H4: Number of housing units completed in Town Centre area

Target: To increase housing completions within the Bedford town centre area, providing a mix and range of housing types, tenures and sizes

Progress:

21 units completed in town centre area. A further 20 units were completed in the wider Bedford Town Centre Area Action Plan Area (41 units in total).

This is a significant rise compared with last year's completions in the Town Centre area and can be largely attributed to new rules allowing the change of use from office use to residential use with fewer planning requirements.
