

Working for **Bedford Borough Council**

Philomena Acquah

Social Worker, Family Support Team

“I’ve always enjoyed working for Bedford. I came here for my ASYE and enjoyed my time in the academy because I got the help I needed to support me. My managers were amazing. I couldn’t have asked for more.

Bedford is a great place for nurturing staff. The support you get from managers is amazing. When you ask for support, there will always be someone there for you. It’s what we need in the social work world, a manager who will support you at all times. There are also great opportunities in terms of career pathways. Training is always made available.”
