

Older Persons Partnership Board
10th February 2023.

Notes and Actions;

Unfortunately in the transfer from one system to another, I have lost the notes I made at the meeting and therefore can't provide a copy to you all.

Actions;

1. Review the wording in communications from financial assessments to service users.

Chief Officer for Assessment, Application & Business Support, has agreed to undertake a full review of all template documents, to ensure they are user friendly.

2. Request attendance at partnership meetings of partners, specifically from health.

Invites to system partners will be followed up with send a deputy request.
