Introduction to Carers Direct Payments

Welcome to this guide to understanding and getting started with Carer Direct Payments. Please read through the information carefully and you should find the answers to most questions allowing you to make an informed choice on whether a Direct Payment is right for you.

What are Carers Direct Payments?

Carers Direct Payments are monetary payments for people who have been assessed as requiring help from social services, and who would like the control and freedom to arrange and pay for their own support services instead of receiving them directly from the Council.

By allowing you to organise support for yourself, Direct Payments give you more choice and control of your support by enabling you to choose the services that you feel are most appropriate for you to meet your needs.

Can I have a Carers Direct Payment?

Any person who provides or intends to provide a substantial amount of care on a regular basis is entitled to a carer's assessment. The assessment is free - it is not about judging the way you are caring for someone. You can talk about your needs in confidence, away from the person you care for, if you wish. The assessment will look at how you are affected by the demands and the level of care that you give - the impact of being a carer on your own life and if there is any way we can support you.

Eligibility Criteria is used to assess the support you will be offered once you have been identified as having a carers need.

If you meet the eligibility criteria Bedford Borough Council will offer you a Carers Direct Payment which can be spent on anything which relieves stress and/or reduces the risk of carer breakdown.

Multiple Principal Carers

Only one family member or friend per service user can be considered as the Principal Carer and be supported by services listed above.

Principal Carer being paid to deliver care

A family member or friend who is already being paid via a Direct Payment to deliver care cannot also be considered as eligible to receive a Carers Direct Payment.

Charging

For services provided to the cared for person which also support the carer (for example short breaks or day care) the cared for person will be financially assessed and charged as appropriate to the Council's charging policy.

What happens if your needs change?

If your needs or circumstances change, it's important that we look again at the services we provide. It may mean that you need more help, if this is the case please contact your allocated Social Work team. Your needs can also be discussed at your annual review.

Managing your Carers Direct Payments

When we have agreed that you can have Carers Direct Payments to meet your needs, the Council will set up a bank account for you to use. The account will provide you with a pre-paid card and online bank account for you to manage your payments. The card will allow you to make payments online, over the phone and in establishments where you see the Mastercard logo; you will not have the function to withdraw cash from an ATM machine, unless you have prior permission from your key worker for a specific purpose.

You will be responsible for managing the funds you receive. Planning your finances is an essential part of successfully managing your Carers Direct Payments. The Council will pay the agreed amount of your Direct Payment into your account on a four weekly basis.

The account will allow you to set up direct debits, bank transfers and standing orders to pay for your support. You will also be able to make payments relating to invoices you receive from a provider via the online banking functionality.

Proof of Expenditure

For invoices and receipts over £50.00 you will need to ensure you upload evidence of the transactions you make into your Pre-paid card account. A guide will be issued to you detailing how to do use the account once it has been set up. Alternatively you can submit evidence by post and we will upload this information on your behalf.

If your card transactions are under £50.00, you do not need to upload evidence to your account but you still need to keep receipts of expenditure for two years. We will do regular spot checks and may ask you to provide the receipt for specific transactions.

If you have difficulties in managing your payments, you can nominate someone to help you manage your Carers Direct Payment. This person could be a family member or friend but must not be the person who you will be paying to provide your support.

The Council will have access to view the transactions on your account so that we can monitor and ensure that you are spending your Direct Payment money on meeting the needs agreed in your support plan.
